**Response to Election/Restriction Requirements**

Restriction Requirement (A):

In response to the new restriction requirement set forth in the Office Communication mailed April 11, 2006 requiring election of one of new Groups I (claims 1-9 and 11) and II (claim 10) for examination purposes, Applicant hereby elects Group I, claims 1-9 and 11. Such election is made without traverse.

Election of Species Requirement (B):

In response to the election of species requirement between low temperature sputtering, spin coating a resistive polymer, web coating a resistive polymer, and drop jet coating a resistive polymer, Applicant hereby elects spin coating a resistive polymer for examination purposes. Of the elected Group I claims, claims 1, 3, 4, and 7-9 are generic to or otherwise readable upon the elected species.

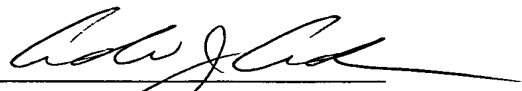

Election of Species Requirement (C):

In response to the election of species requirement between active matrix species and passive matrix species, Applicant hereby elects active matrix

species for examination purposes. Of the elected Group I claims, claims 1-8 and 11 are generic to or otherwise readable upon the elected species.

Of the elected Group I claims, claims 1, 3, 4, 7, and 8 are generic to or otherwise readable on the combination of elected species according to Requirements (B) and (C).

Respectfully submitted,
